**Saturday, April 2nd
10 am – 12 pm
Crestwood Park
W. Crescent Avenue
Allendale**

\$18 to Build & Launch

\$9 to Launch Own Rocket

THE NOT SO FINE PRINT

ALL SCOUTS MUST BE PRE-REGISTERED BY MARCH 11TH On the registration form you must specify if you will be building a rocket or bringing a pre-made rocket. For practical purposes, only one rocket type will be ordered so all Scouts who build a rocket will be building the same one. Rockets will be assembled only, and **NOT painted at the Service Center**; painting and or decoration may be done by you at home, bearing in mind the rocket must 'dry' in time for the next day's launch. All building materials will be provided. ONLY size "A" engines will be used for the rocket launch. Participants **MAY NOT** bring their own rocket engines. If you launch your own rocket, please be sure it will accommodate the size 'A' engine. Each Scout may launch an additional time after all Scouts have an opportunity to launch once. This event is weather dependent – you will be contacted in case the activity needs to be rescheduled. All Scouts must be accompanied by a parent or guardian for both the building and launching sessions.

Any questions, contact George DeBoer at 973-728-4463 or at georgedb@live.com.
